Education Background

Cambodia Academy of Digital Technology
Bechelar's Degree of Computer Science 2024 - Present
Specialized in Software Engineering

Work Experience

Frontend Development for the Sport Management System
Ministry of Education, Youth & Sport December 2025- Present

- Developed the frontend using [NextJS] for all national events in Cambodia, implementing participant registration, event categorization, team management, and real-time updates to enhance user experience and streamline event administration.

School Project

Team Leader
CPF - CADT 2024 - Present

- Led a school project team using GitHub, managing task planning, role assignment, coding, bug fixing, and collaboration to ensure timely completion and a fully functional project.

Team Lead & Frontend Developer
Domrov LMS - Capstone Project 1 & 2 October, 2025 - Present

- Led the team and developed the frontend for Domrov LMS during Capstone Project 1 & 2, delivering a responsive and user-friendly interface while coordinating project execution.

Frontend Developer
Vireak Buntham Express Clone December, 2024

- I started my frontend journey by cloning the Vireak Buntham Express website as my first frontend project.

Volunteer Experience

Head of Project & Event Department
CADT Student Associatetion May - Cotober, 2025

- Led and coordinated event and project teams to plan, organize, and execute school-wide academic and community activities, managing stakeholder communication, registration, participant feedback, and on-site operations to ensure smooth delivery.

Team Lead – Booth Management
TVET 2025 April – June 2025

- Led the booth management team, coordinated communication between event organizers and staff, and ensured efficient booth setup, decoration, visitor engagement, and participant support.

Flash Mob Coordinator
Celebrating Cambodia 2024 November – December 2024

- Served as core team leader for event logistics and coordination, managing scheduling, choreography, and rehearsals for 50+ participants while coordinating with multiple teams to ensure successful live performance execution.

Facilities Speaker Coordinator
Cambodia ICT Camp 2024 December 2024

- Managed speaker coordination, session scheduling, and technical setup, while supporting participant communication, real-time coordination, and on-site assistance to ensure smooth event execution.

Digital Marketing Volunteer
Code – C Conference June – July 2024

- Created and managed engaging social media content, handled public inquiries and interactions, and collaborated with team members to enhance digital outreach and audience engagement strategies.
